

Playing Dead To Survive

Music: WinterBeach

Text: Mal McNaughton

Is it much to ask?
Looking for a sign
to find some peace of mind
Won't you help me?
But you say
'Will we ever take
less than we can give?
Remember when the sea
was once serene?
(cause) I've been told
that was long ago'.

chorus:

Be cold
Be strong
Playing dead
To survive
Be cold
Be strong
Playing dead
To survive

Is it much to ask?
Looking for a sign
to find some peace of mind
Won't you help me?
But you say
'Will we never see
all the hurt we've done,
Remember when the trees
were lush and green?
(cause) I've been told
that was long ago'.

We've lost our paradise
Blinded by the lies

Last chorus:

Be cold
Be strong
Playing dead
To survive
So cold
So strong
We play dead
And survive
Stay cold
