

We are alone

Text/Music: WinterBeach

I'm at home
All alone
Hope to see you once again
I will always be your friend
Are you alone?
Pick up the telephone
I wanna hear your voice again
Should this be the end?

We are alone
This world feels so cold
I want you back
You're in my soul
Oh where are you
The stars only know
And my love is true
Come back my love

What's been said
What's been done
I don't care because I know
That you are the only one
I've done wrong
But I will do us right
I will fight for you and me
'til our love is free

We are alone
This world feels so cold
I want you back
You're in my soul
Oh where are you
The stars only know
And my love is true
Come back my love

It's me and you now, me and you!
It's me and you now, me and you!
It's me and you now (me and you!)
Believe in me now, come back my love

We are alone...
Hope to see you once again
I will always be your friend
Oh, where are you?
I will fight for you and me
'til our love is free

We are alone
This world feels so cold
I want you back

You're in my soul
Oh where are you
The stars only know
And my love is true
Come back my love

Where are you?
Where are you?
Until our love is free
Where are you?
Where are you?
